VOLUME CVI.---NO. 57. ALEXANDRIA, VA., WEDNESDAY EVENING, MARCH 8, 1905. PRICE 2 CENTS.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in form, in feature, in personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called 'change of life,'" writes Mrs. Mary Ensminger, of 344 E. Ankeny St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, flustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good," but don't let them substitute anything for "Favorite Prescription." It is absolutely unequaled.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE RISE OF JAPAN.

Ex-Gov. Benton McMillan, of Tennessee, who has been in Washington since the inauguration, is an enthusiastic admirer of the military and naval prowess of the wiry little Japanese. He has followed every step of the land and sea campaigns and come to the conclusion that the Japanese is the best soldier to be found in the world today.

"I do not say this with any desparagement to the Americans," declared Governor McMillan to a correspondent. "The advantage the Japanese have over the Americans is to be found in the fact that the former actually court death. Americans are a peace-loving, liberty-loving, home-loving, constitution-loving people and fight to win. They are not afraid to die in battle, but do not fight, like many of the Japanese, for the sake of dying.

"The genius of the Japanese military leaders is nowhere more evident than in the fact that they have gone back beyond the greatest war of modern times—the civil war—to the methods of Napoleon, with respect to artillery. Napoleon believed God was on the side of the heaviest artillery. The Japanese have adopted that maxim and revived the use of artillery. They have also adopted the great forte of the Confederate commanders, the method they derived in turn from the Indians, that of deploying infantry instead of drawing armies up in full front formation.

"Less than 50 years ago the Japanese were an island people about whom the world knew little. Within the last 10 years they have defeated in battle one-third of the world's population in their wars with China and Russia. Before Russia entered this war she boasted that she had 10,000,000 seasoned soldiers and that her army might be increased to a war footing of 25,000,000. In this year she has scarcely won a skirmish. The strategy of the Japanese has been remarkable. The capture of Port Arthur was greater than the taking of Gibraltar and Sevastopol combined.

"Another remarkable thing about these Japanese is that their present dynasty goes back 2,500 years, beyond the time when Confucious was a baby, and the present Emperor is even more virile than any of his predecessors, and as greatly loved by his people as George Washington was in this country. Every Japanese is willing and ready to die for the Emperor he loves, and that Emperor is the only one of the world's rulers who may sleep anywhere in his empire without fear of molestation when not protected. His people love him above everything else, and in dispatches from the front the great commanders do not boast of their own exploits. They simply report facts and give the credit to the Emperor.

"As diplomats the Japanese are not to be excelled. Although the grass of Manchuria is still scarcely dry from the blood of the war between China and Japan, it is a fact that millions of Chinese all over the world are jubilant over the success of their conquerors in that war. This is due to the diplomacy of the Japanese. When the war with Russia is over, I trust Japan will obtain control over Manchuria, suzerainty over Korea and reorganize the Chinese army."

Speaking of the Japanese graduates of West Point and Annapolis who have distinguished themselves in the war, Governor McMillan said:

"When I was in the House I entertained grave doubts of the propriety of educating foreigners in our great military and naval schools. I am now convinced that this is the height of folly. The Congress just closed authorized two young Chinamen and several other foreigners to be educated in those schools. If I were now in Congress I would vigorously oppose continuing this ridiculous policy of giving bright young foreigners the chance of acquiring knowledge respecting American military methods, which may some day be used against us to our disadvantage."

Governor McMillan concluded with the remark that he believed the Boer and the Japanese wars had taught the great lesson that the so-called world powers cannot bully smaller nations.

"Suppose," he said, "we had brushed up against Japan instead of Spain in 1898? Think what it might have cost in suffering and money. The Boer war taught the colonies of England their real strength. The Boer and Japanese wars have largely dispelled the illusion of the boasted military powers of Russia and Great Britain. These wars have taught the nations of the world that war is too horrible and costly to trifle with impunity, and that so far as courage is concerned men fight more bravely now than they ever did. In the Japanse war bayonet charges—something thought to have been relegated by modern methods of warfare—are of almost daily occurrence in all of the great battles of the campaign, even in the face of galling fire from the most powerful artillery the world has ever manufactured. The Japanese are sure to win, because their generals are strategists who have taken advantage of the best military methods and machinery, not only of today, but of all time. General Oyama has a greater army under him in one battle than any other general since Alexander the Great, and has shown himself one of the very greatest military leaders the world has seen."

LIVING TOO HASTILY

AMERICAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and despondency. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain."—Mrs. Chester Curry, 42 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular menstruation, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promply like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism, "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

THE ANNUAL MEETING of the stockholders of the JACKSON-PHILLIPS BRICK COMPANY will be held at noon TUESDAY, the 21st day of March, 1905, at the Hotel Fleischmann, on south Royal street, near King street, in the city of Alexandria, Virginia, for the purpose of electing officers for the ensuing year and for any other business that may come before the meeting.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAR. 8, 1905.

THE RECENT announcement by Mr. J. Taylor Ellyson of his candidacy for the lieutenant governorship was a surprise to the many friends of Mr. James R. Caton who had hoped and had reason to believe he would have no formidable opposition for the high honor. In fact Mr. Ellyson is on record as having relinquished all claim to the lieutenant governorship, and Mr. Caton, naturally supposing that that was an end of the matter proceeded with his canvass. With no intention of minimizing Mr. Ellyson's claims on the democratic party of the State, it can be said that the recent change that has come over the spirit of his dreams is to be regretted, as a nip-and-tuck contest in the democratic camp is now inevitable. Mr. Caton at the onset would have stepped aside for Mr. Ellyson, and had so expressed himself, but starting out in all honesty at a time when he was probably the most formidable candidate for second-place on the State ticket, having put his hands to the plow, he cannot, with proper deference to his friends, turn back; hence he has concluded to hold his ground, and, like Esther of old, if he fails, he fails—that is all there is to it. Alexandrians naturally rejoiced in the probability of a resident of this city—one whose interests are centred here and who has ever worked assiduously for the welfare of his native home— being elected Lieutenant Governor; they may yet enjoy the fruition of their hopes notwithstanding their eleventh-hour entry, not of a dark horse, but one whose groomers had agreed to keep in the paddock. The race is not always to the swift nor the battle to the strong—as Solomon observed —and the truth of the proverb is often illustrated on the political track.

JUDGE REAGAN, of Texas, who died Wednesday, was credited with having held office under four national governments—the Republic of Texas, the United States, the Confederacy and again the United States. As heretofore stated he was the Confederate Postmaster General and the last survivor of the Confederate Cabinet. The principal feature of his six terms in the House of Representatives was his persistent fight for a law regulating railroads. When Congress acted, however, it passed Senator Cullom's interstate commerce bill. Judge Reagan spent four years in the Senate and for fourteen years had served on the railroad commission of his State.

BUT A FEW years ago Americans were teaching the Japanese the arts of war, but now things have changed. It has but recently been discovered that the Japanese now have better guns than the Americans; that their hospital service is superior; that their use of the bayonet will cause the American soldiers to be again furnished with this species of arms which has been discarded and that in imitation of the Japanese the American cavalryman's swords will be sharpened.

MOST of the ice in the Potomac has melted and disappeared and the Washington papers even admit that the harbor of that city is open; but the boldest advocate of the use of tug boats in clearing the river of ice will not have the temerity to claim that the work done by such boats (at big pay) this winter was of any practical good.

THE sandwich sale is about over and now the ladies who have been so assiduous in ministering to the wants of the strangers within the city's gates can devote a short time each day to the comfort of their families.

THE ground hog, the goose bone and the Hicks bad weather prophecies have all been fulfilled, but St. Patrick's Day is only a week off and after that, by snakes, there must be some spring weather.

LENT has begun and there will (supposedly) be a surcease of balls, parties, cards and etc., and for the next six weeks society will take a rest after a most strenuous season.

ONE'S eyes grow weary in looking over the lists of presidential nominations for names of Southern men, especially Virginians.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., March 8.

Virginians here say that the meaning of Mr. Taylor Ellyson's entrance into the political field in that State at this late date as a candidate for Lieutenant Governor is a combination between Messrs. Willard, Ellyson and Anderson for the State ticket, with Gov. Montague in the background pulling the wires in the interest of his own candidacy for Senator. They say it is a bold game, but that the players will lose and the slate will be smashed.

Concerning Virginia it is said here by both democrats and republicans that Col. Slemp will insist on giving the office now held by Mr. Agnew, in Alexandria, to one of his friends, and that Mr. L. P. Summers, of Abingdon, will fill the place. The friends of Mr. Agnew, however, say his record at the department will keep him in his place. There is again talk that Capt. Asa Rogers, collector of the Richmond internal revenue district, will have to go notwithstanding the recent assurances that he received of his retention. Capt. "Pat" McCaull, now of the Lynchburg postoffice, is spoken of as being after a better place.

Senator McCreary, of Kentucky, while talking to two friends at the west door of the Senate yesterday evening made quite a little political speech which was enjoyed by the few standing around. He said he still believed in the old time religion as taught him by his father and grandfather; also in old time democracy as taught by Jefferson and Jackson and in the Monroe doctrine as set forth by Monroe and carried out by Johnson when the latter upheld the Mexicans in opposition to Maximilian, and enforced by Cleveland when he said to England during the Venezuelan affair, thus far shalt thou go and no further. But, said the Senator, he was not in favor of Mr. Roosevelt's ideas of the Monroe doctrine and could not uphold him in his Santo Domingo policy concerning that doctrine.

The President today sent to the Senate the following nominations: For collector of customs, at Aannapolis, Md., Lawrence Bailliere; Brigadier Generals on the retired list—Peter J. Osterhaus and Jos. R. Hawley; first assistant Postmaster General—Frank H. Hitchcock, of Massachusetts; third secretary of Embassy at St. Petersburg—Jno. W. Garrett, of Maryland; Secretaries of Legation—at The Hrgue, Roger S. Boutell, of Illinois; at Bernem, Switzerland, Paul G. d'Hautville, of Rhode Island; U. S. Consul at Florence, Italy —Jerome A. Quay, of Pennsylvania.

Indian chiefs, pale faces, colored men, Senators, country cousins, Representatives, cow-punchers and all varieties of United States citizens rushed to the President's office this morning in a wild scramble to shake his hand. Hundreds succeeded in their mission, while hundred of others, includidg the Indians, were turned away. The Rail Splitters club, from Toledo, Ohio, shook hands with the President at noon, and during the morning Dr. Wylie escorted a delegation, representing the Vereingung Alter Deutscher Studenten — Association of German University Students—who presented the President with a diploma of honorary membership in their organization.

The Senate committee on foreign relations had a long session this morning on the Santo Domingo treaty. There have been many amendments offered for the purpose of safe-guarding the interests of the United Ssates and to prevent the assumption by the United States of the position of policeman over South and Central America. The text of the amendments are not yet available.

Fifty-ninth Congress.

Washington, March 8.

SENATE.

The Senate was in open session for only ten minutes today, just long enough to allow Senator Blackburn to offer a resolution to direct Secretary of State to reopen the claim of A H. Lazarre against the government of Hayti. It was referred to the committee on foreign relations, and then on motion of Senator Gallinger the Senate went into executive session to consider nominations.

The Senate adjourned at 1:35 o'clock.

Destructive Fire.

The plant of the American Cereal Company, at Cedar Rapids, Iowa, the largest of its kind in the world, comprising two entire blocks of brick and iron structures, was destroyed by fire last night with the exception of a small group of cooper shops, storage, and packing rooms. The loss is estimated at $1,500,000, with insurance estimated at nearly $1,000,000. Two persons are known to have lost their lives in the fire. It is feared several others lost their lives. A man who was seen at a window fell back into the flames.

The fire started in the hull grinding room of one of the elevators, and a sheet of flame enveloped that structure. In ten minutes more the flames had crossed the avenue to the mill group of buildings, and the firemen were powerless to prevent the spread of the flames in either direction. The fire burned northward against the wind slowly in the milling group and southward with the wind in the elevator group with fearful rapidity. Five-story brick walls crumbled and fell with a roar heard for many blocks.

Clouds of embers were driven by a strong wind over an area six blocks square, and a large number of men with small hose and buckets were drenching the roofs of the buildings, while in the vicinity of the fire there was an exodus of families from dozens of houses.

The cereal mill employed in the neighborhood of 800 men, and the loss will be a serious blow to the city.

Mardi Gras Carnival.

Carnival day opened in New Orleans yesterday with the skies overcast, and rain threatened, but before the parade started the sun came out and the pleasure of the vast crowds on the streets was uninterrupted. The pageant of Rex on St. Charles avenue was four hours in traversing its route. His majesty chose for his subject, "Idealistic Queens," and treated it in twenty highly decorated cars. Miss May Parkerson, the queen of Proteus, and her maids, and the queens of Rex and Comus, with their maids, witnessed the display from the Boston and Pickwick clubs, at which Rex stopped momentarily to pay his respects. The king of the carnival was impersonated by David Hennen Morris, of New York and New Orleans.

The carnival culminated with a brilliant display of Comus last night, and the Mystic Krewe in the evening delved deeply into classic lore, telling in a series of twenty gorgeous floats the story of the search of the lost pleiad. At the conclusion of the parade Comus entertained at a ball at the French Opera House, which attracted society leaders from all sections of the country. A popular reception was given by Rex at Washington Artillery Hall, which for the occasion was converted into an imperial palace. His majesty selected as queen of the carnival Miss Hazel Ellis.

A loss of $50,000 was entailed by a fire last night in the plant of the St. Louis Malleable Iron Works, in east St. Louis.

It is said that Judge L. L. Lewis will accept the republican nomination for governor if tendered him.

News of the Day.

James Bailey, alias "Con Shorty," had a hearing at Rockville, Md., yesterday on a charge of attempting to rob the national bank at Sandy Spring, Montgomery county. He was held for the action of the grand jury.

At Cleveland Ohio, yesterday, Mrs. Cassie L. Chadwick's attorneys succeeded in proving that she had an account in the bank at Oberlin on two occasions, and two of the witnesses for the prosecution were badly confused in the cross-examination.

It is almost certain now that King Edward will make his coming trip to the Mediterranean the occasion for paying a visit to King Victor Emmanuel, of Italy. The present plan is for his majesty to meet the King of Italy at either Naples or Palermo. King Edward will leave England in the royal yacht Victoria and Albert, about March 18.

ACCIDENT IN THE SUBWAY.

With one collision, in which twenty-nine persons were injured and none killed, New York passed through the first day of the general strike on its rapid transit system. Beyond this accident and some minor casualties due to the abnormal conditions the sum total of the day was annoyance and vexation to a million or more people usually dependent upon the Interborough company's lines for transportation to and from their business. So far there has been little disorder. Sporadic encounters between individuals, some bad language, and the action of a few hoodlums in the throwing of missiles at passing elevated trains tells this phase of the strike.

The accident occurred at Twenty-third street and was in the nature of a rear-end collision, due, it is said, to the inexperience of the men on the trains. Two cars had their ends smashed in, and there was a panic among scores of passengers. Of the injured, fifteen were so severely hurt that they had to be sent to the hospitals. Traffic was delayed for over two hours, from 5 o'clock until after 7.

The passengers standing on the platforms of the last two cars of the first train were caught as in a vise. It was there that all of those who were hurt received their injuries. Policemen and firemen were summoned to chop the cars apart and rescue the imprisoned. It was fifteen minutes before the first of the victims was released. Meantime, some of the cooler of the passengers in the train had lighted matches in the cars and were assisting the women to the doors at the unbroken ends of the two cars, and in a few minutes men and women were being passed through the broken windows to the platform. Some of them were carried across the tracks to the downtown stations.

WAR IN THE EAST.

In St. Petersburg it is reported that General Kuropatkin has telegraphed Emperor Nicholas that it is impossible to hold Mukden and that he already has begun withdrawing his army northward.

Advices reaching Tokio indicate that General Kuropatkin plans to evacuate Mukden and Fushun and retire to Taipass.

The battle now exceeds in desperation and losses that of Liaoyang, when the Russians lost 22,050 and the Japanese 17,530 men.

Reports reaching St. Petersburg are that General Kuropatkin's army center was broken yesterday and that the Japanese captured 13 of his heavy siege guns.

The line of battle is 14 miles long west of the railroad and on a line with the Shakhe river. The troops on both sides are almost exhausted.

General Tserpitsky led his Russian forces in the capture of an important point, and with the victory won he was acclaimed by his soldiers.

General Rennenkampff reports that the Japanese have practically routed his army at Oubenepusa and that both sides lost heavily.

It is reported at Niuchwang that 80,000 Japanese are intrenched five miles west of the gates of Mukden.

Troubles in Russia.

In spite of the critical position of the Russian army, popular attention remains directed to the internal situation. The labor troubles have given rise to an agrarian crisis. The peasants of Russia think the government is favoring the workmen, and the gravest fears are entertained that the mujiks may resort to violent means in order to obtain a hearing on their perennial demand for more land. The strike is giving way at St. Petersburg, but is extending in the provinces.

The strike in Sosnovice continues in full force. The Saturn coal mine, owned by the richest company in the district is the only mine working, the men having received an increase of wages such as the owners of other properties say they are unable to concede to their operators.

Warsaw is comparatively quiet, there being only occasional cases of assaults in which individuals or policemen have been shot. Several persons were severely wounded in outlying sections of the city Monday night. The strike of house servants suddenly collapsed yesterday. This is attributed to the action of the police, who have severely whipped domestics, and the others fearing similar treatment, gave up the struggle.

Virginia News.

The board of governors of the Jamestown Exposition Company will begin a campaign among the States with a view of securing early and substantial appropriations for exhibits at Hampton Roads in 1907.

Reginald Vanderbilt, James T. Hyde, secretary of the National Horse Show Association, and associates have acquired a controlling interest in the Richmond Horse Show Association and will at once take charge of its affairs.

It is said that Representative W. A. Jones, of the First district, will not participate actively in the campaign. He has announced his intention of visiting the Philippines this summer, which will necessitate his absence during the period when the campaign for Senator will be on.

Senator Martin says that Richmond dispatches about Col. Joseph Button managing his campaign are erroneous. "I shall manage my own campaign," he says, "but expect to have the assistance of my friends, among them Col. Button." He adds that there is no warrant for saying that he intends opening headquarters in Richmond.

The Shafer building, in the heart of Richmond, purchased some time ago by the United States government as an annex to the postoffice building, was sold yesterday for delinquent State taxes. The amount due is $400. It was knocked down to the State. The government, it is said, will hold the former owners of the estate responsible for the money.

Dr. Carter Berkeley died suddenly of heart trouble at the rooms of the Beverly Club in Staunton, yesterday at noon. His son, Edmund Berkeley, was sitting near him engaged in conversation when the doctor fell. Dr. Berkeley was 68 years old, and during the civil war enlisted in the Staunton Artillery and was known as a gallant soldier. At he battle of Newmarket he took a most conspicious part, contributing largely to the success of the day. The deceased was a brother of Colonel Edmund Berkeley, of Prince William, who is well known in this city.

Gov. Montague and the President.

A dispatch from Winchester says: According to an intimate friend of Governor Montague who attended the inauguration with the governor, President Roosevelt intends to consult the governor and other representative Southerners, irrespective of party affiliations, regarding federal appointments in the South. It has just leaked out that President Roosevelt told Governor Montague at the inaugural ball that he (Roosevelt) was no meddler and that he was determined to give the South its share of the patronage.

A dispatch from Washington says: "Mr. Roosevelt's reported remark to Governor Montague is considered as confirming the change in Mr. Roosevelt's attitude toward the South. Since the recent election, in which every section except the South gave the President its indorsement, he seems to have made special efforts to win over the Southern people. His appointment of J. E. B. Stuart as collector of internal revenue for the Eastern district of Virginia, and of Gen. T. L. Rosser as postmaster at Charlottesville, as well as the naming of the the grandson of Stonewall Jackson as a cadet at West Point, are taken as indications of his changed attitude. The generous representation of the Southern States at his inauguration is probably another thing that has pleased Mr. Roosevelt. Many observers believes that Mr. Roosevelt appointed a negro as internal revenue collector for New York in order to show the Southern people that he is at least consistent on the negro question, no matter how much he may differ from them."

[Governor Montague last night vigorously and emphatically denied the report to the effect that President Roosevelt had on the occasion of his inauguration last week told the Governor that he expected to consult Southern men regardless of politics concerning federal patronage. When seen concerning the report, the Governor said: "There is absolutely no foundation for such a report. I had no conversation with the President, which related either directly or indirectly to the subject of patronage.]

Scene at a Funeral.

When the coffin containing the body of Mrs. Mary A. Hill, of Philadelphia, who died on Saturday, was about to be borne from the home of her parents, Mr. and Mrs. Patrick Ryan, yesterday morning, flames broke out in the room, as the result of some lace draperies becoming ignited from the burning candles. Great excitement at once reigned in the stricken home. Women screamed and fainted, and to save the casket from the flames it was lifted through the front window and borne to a place of safety.

Shortly before 10 o'clock the mourners were reminded that the moment had come to bear the dead woman from the home to the church. To obtain a last look at the face of the dead the mourners in the room crowded around the casket. At the head of the coffin were some lighted candles. Lace draperies hung near them, and as one of the assembled friends passed around the bier the flimsy hangings came in contact with the tapers, and blazed up immediately.

Undertaker Nulty and his assistants had just made ready to close the lid of the coffin, and as the flames leaped up they sprang forward and performed their task none too soon. As the fire attacked the carpets and furniture in the room the women screamed and rushed from the house, a number fainting, among them Mrs. Ryan, a mother of the dead woman. There was no time to take the coffin through the hallway of the house. The room was filled with smoke, and tongues of fire were leaping up around the catafalque. Several of the men mourners attacked the fire with rugs, while the undertakers raised a front window, and with the fire burning around their feet, lifted the casket to the sill. Willing hands were ready to receive it on the outside, and from the fire and smoke it was borne in safety to the street, and at once placed in the waiting hearse.

Today's Telegraphic News

The Strike in New York.

New York, March 8.—The strike of the five thousand employes of the elevated and subway lines of the Interborough Rapid Transit Company continues today, and, beyond some improvement in the movement of the trains, conditions remain almost the same as yesterday. New York came down this morning jammed and packed on surface cars, while thousands walked to their places of business. Offers for arbitration and mediation by Mayor McClellan and by Oscar Strauss, of the national civic federation, will probably be refused by both the company and the strikers, who are eager to fight to the bitter end. Police arrangements have been perfected and no violence was reported this morning. Trouble is feared later. The officials of the company declare that the strike is broken and that trains will soon be running on schedule. Thousands of people who used the subway yesterday declined to use the road today, after the accident last night at 23d street, when twenty-seven passengers were more or less seriously injured in a rear end collision. Officials of the company have been unable to find William England, the motorman of the train, but say that he is from Indianapolis and that he was known as a competent mortorman. The company declare that it is ridiculous to say that the motorman was a "ringer," and caused the accident purposely. The strikers are making every effort to get the stationary engineers at the big power house to go out on a sympathetic strike. Timothy Healey, President of the International Association of Stationary firemen, says that the three hundred stationary firemen will go out on strike if ordered. It was reported this morning that if the strikers are convinced that the strike is going to be a failure, they will attempt to get the employes of the New York city Railway men to go out with them in sympathy. In this event not a wheel in New York would turn. Such a demoralization of traffic is unlikely, as the present strike is unsanctioned by the national officers of the union, and President Wm. D. Mahon, of the International Association of Street and Electric Railway Employes, says that the employees of the surface roads will not go out. Postmaster Wilcox said this morning that if the elevated trains bearing the United States mail are interfered with today, as they were yesterday, he will ask that the federal troops be called out to preserve order. The police have been instructed to use their clubs in case of disorder and to brook no violence.

A southbound elevated train bearing United States mail came to a sudden halt at 125th street and Third avenue this morning, and was quickly surrounded by several hundred yelling and jeering men. The guards, fearing for their lives, deserted their posts. Some said that the train was halted by the incompetence of the motorman, while others intimated that the strikers could clearly explain how the train was stopped. The postoffice inspector on board, asked several policemen to act as guards, which they did, and the train moved away while the crowd yelled itself hoarse. Strikers, or their sympathizers made trouble this morning at the 66th street station of the elevated railroad. They swarmed by scores on the station and whenever possible pulled the guards off the train. Transit was much delayed by the disorder. The police prevented any serious disturbance.

More Trouble in Cavite.

Washington, March 8.—Open insurrection is officialy declared to exist in the provinces of Cavite and Batangas, Luzon, Philipine Islands. The writ of habeas corpus has been suspended by order of Governor Wright at the request of General Corbin. Twelve hundred regulars have been hurried to the troublous section and unless immediate improvement follows it is proposed to re-establish the reconcentration methods of three years ago. The War Department has pursued its usual policy of reticence in regard to conditions in Cavite but from time to time there have been rumors from Manila to the effect that in this part of Luzon there was a revival of Katipunan, that the insurrectors under the leadership of Montalon were doing about as they pleased with the native constabulary and murder and arson were becoming matters of everyday occurrence.

The most horrible atrocities were committed. Natives who betrayed the plans or whereabouts of the bands of ladrones had their lips cut from their faces by order of Montalon, their legs were hamstrung. Other terrible mutilations were added and the victims hardly recognizable as human beings were sent back to their homes as warnings to their fellow Americanistos. Meanwhile the insurrectos maintained in Manila and Cavite bodies of women who spied upon the authorities and in almost every instance gave ample notice to the men in the bush of any intended raid. So intolerable did the situation become that at last Governor Wright after consultation with his council and General Corbin issued an order, that, after setting fourth the condition of affairs, says: "In the interest of public safety it is hereby ordered that the writ of habeas corpus is from this date suspended in the provinces of Cavite and Batangas."

Rev. Cordova.

New Brunswick, N. J., March 8.—The court house was crowded this morning with people all eager to see Rev. J. F. Cordova and hear him plead not guilty to the two indictments against him, one for assaulting his wife, and the other for abandonment. Miss Bowne received a handsome bouquet of pink carnations from her aunt, Mrs. Lenhart, this morning. She had not been persuaded to leave the jail. Cordova, it is reported, is doing his best to get his wife to institute proceedings for divorce, against him, so that he will be free and can marry Miss Bowne. Mrs. Cordova declares she will not do anything of the sort.

Cordova was brought to court at 11 o'clock. Prosecuter Berdine at once charged Cordova upon the two indictments, one for assault and the other for abandonment. Cordova plead "not guilty." Prosecutor Berdine asked that an immediate trial be had. After some sparring the Court set Monday next for the day of trial and remanded Cordova to jail.

Fierce Fighting in the East.

With General Kuroki's army, via Fusan, March 8.—The Russians last night attempted to break through the Japanese line by crossing the river where General Kuroki has established his forces. The attack was aimed at a point west of Witosan, but was repulsed and the Russians were forced to retire.

With General Oku's army, March 8. —The Russians are offering the fiercest resistance to the advance of the Japanese. General Kuropatkin is making a desperate effort to hold the railway until the main army can retreat.

St. Petersburg, March 8.—The latest reports from the army in Manchuria, state that the battle is becoming more stubborn as it proceeds. The Russians have withdrawn the right wing of the army toward the north so that it now faces the Japanese flanking columns. The two antagonists steadily maintain their positions. Japanese prisoners are brought in by the Russians every day. Yesterday the sharpest fighting was near Yushuantun on the Sinmintiug road. Last night the Japanese hurled another attack against General Rennenkampf's division in Knoytuling pass and the Russian positions on Putiloff Hill.

General Kuropatkin reports today that the Japanese attacks have been repulsed at all points.

Moscow, March 8.—The reports from the correspondents of the Moscow papers at Mukden are very pessimistic regarding the chances of the Russians. The dispatches say that the army is completely worn out by the long struggle. General Kuropatkin's position, they announce, is very serious.

Niuchwang, March 8.—Refugees from Tieling are arriving here in numbers. They state that all the civilians are leaving the city. According to the latest reports received here, the Japanese are concentrating their fire on the Mukden railway station. The Russians continue their counter attacks. The Japanese are reported to have ransacked the freight yards and seized the stores there.

St. Petersburg, March 8.—A Russian correspondent at the front reports that the Japanese were so confident of victory that they had arranged to enter Mukden on March 4. The Chinese governor, it is stated had been instructed to prepare a solemn reception for the Japanese. As yet, however, the Japanese have not realized their hopes. The Russian line has even been advanced slightly.

The same correspondent says that General Sassulitch's infantry surrounded a portion of General Kuroki's guard. The Russians invited the Japanese to surrender, but the latter refused and were shot down.

Tokio, March 8.—A report received from the army this morning says that the Japanese captured Machuantan at 8 o'clock this morning. Machuantan is a great pass 35 miles east of Mukden, and fifteen miles southwest of Fushan. Its capture gives the Japanese control of the head of the valley running to Fushan.

General Kuroki's Headquarters, Manchuria, March 8.—Under covern of darkness last night the Russians evacuated the whole line along the Shakhe river. They are now in full retreat toward the north with the Japanese infantry pressing them closely. On the east the Japanese are pushing the Russians hard. Before abandoning his position, General Kuropatkin burned great heaps of supplies, the fires lasting all night. The fall of Mukden appears to be only a matter of a short time.

With General Kuroki's Army, March 8.—The tenth day finds the progressing favorably. Its long duration was expected and it will probably continue several days longer. The Japanese have reached a position near Mukden, within two miles of the railway, and are keeping up the vigorous bombardment. The Russians everywhere are offering desperate resistance. Frequently they have tried to assume the offensive, but without result. They have resorted to every device known to modern warfare, to resist the advance of the Japanese. Long processions of ambulances which can be seen travelling northward, show that the Russians have many wounded.

Fire at Madison Square Garden.

New York, March 8.—Several explosions from unknown causes were followed by a fire which destroyed part of the northeast corner of Madison Square Garden last night, shortly before eleven o'clock, entailing a loss of $50,000 to the building and exhibits of several firms shown at the Sportmen's Show. A black bear was overcome by smoke. Only a few hundred spectators were in the Garden when the fire broke out. They escaped through the exits. A three-alarm was turned in and Chief Croker took charge. The fire was of a fitful nature and it was after a two hour fight that it was brought under control. It is thought that some blazing refuse in the corner of the building ignited with some gasoline tanks. The garden was filled with heavy black smoke and several animals and birds were slightly overcome.

Mrs. Stanford's Death a Mystery.

Honolulu, March, 8.—The inquest over the body of Mrs. Leland Stanford was practically completed by the coroner late yesterday afternoon. From the testimony of the chemists, the jury was led to the conclusion that only a minute quanity of strychnine was found. This, according to the police leaves the cause of death a mystery. The doctors persist in the belief that death was caused by strychnine.

DIED.

Mrs. EDITH RABRON (nee PETTIT), born August 19, 1875; died March 6, 1905. Aged 29 years.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.
God in his wisdom has recalled
The boon her love has given;
And though the body slumbers here,
The soul is safe in heaven.

Mrs. Chadwick.

Cleverland, O., March 8.—Court opened at 9:30 this morning for Mrs. Chadwick's trial. District Attorney Sullivan said the government would conclude the presentation of its evidence today. The attorneys for the defense have said they would have few or no witnesses. Receiver Lyons, of Oberlin Bank, was recalled to the stand. Sullivan submitted to Lyons the eight certificate checks that figure in the indictment. Lyons said he had examined the books of the bank and found there was no money to the credit of Mrs. Chadwick at the time any of these were drawn. Sullivan stated that on the day two drafts were issued in favor of Mrs. Chadwick she had also secured a certified check for $12,500. At the time Mrs. Chadwick had no money to her credit in Oberlin.

Attorney Sullivan made a threat to bring in the Carnegie note, though he did not mention it by name, and said the government might try to bring in everything. "That's just what he wants," exclaimed Mrs. Chadwick. The interruption received no attention from the court.

To Dissolve Parliament?

Manchester, Eng., March 8.—The Dispatch prints a statement which says: "There is very good authority for saying that Premier Balfour is determined to dissolve parliament almost immediately. He has been induced to take this step by the complexities of the present situation." There is no corroboration of this report except the general feeling that Premier Balfour has been made sick by worries of his office, the Irish troubles and resignation of George Wyndham, the Chief Secretary for Ireland, and that the continued antagonism of the Ulster unionists to Sir Antony MacDonnell has badly shaken the cabinet. Mr. Balfour is finding the greatest difficulty in securing any one to take the heart-breaking task of filling the position of Irish secretary.

Four Persons Killed.

Wheeling, W. Va., March 8.—This morning four people were killed and ten hurt, some perhaps fatally, by the breaking of a cable at the Shrewsburg mines, near Charleston, W. Va. Three cars in which miners were coming from work, were sent like a shaft of lightning 1,600 feet down the side of the mountain. The track rises at an angle of 45 degrees, and the miners were crushed amid the debris of the cars and the tipple at the foot of the mountain, which they struck with frightful force.

New York Stock Market.

New York, March 8.—Speculative temper at the stock exchange continued more or less unsettled this morning. There was a better feeling with regard to the ability of the Interborough Rapid Transit Company to restore its regular conveniences of travel within a few days, but this was regarded as only a minor factor. It was recognized that large numbers of traders were not inclined to make important commitments pending the written opinion of the Supreme Court in the Northern Securities case which was orally delivered on Monday. There was a lack of aggressiveness on the part of important interests. The bear element was tempted to test the market here and there. Opening prices were irregular. Fractional rallies followed, but these in turn were succeeded by some sagging tendency. The volume of business is rather light, but the undertone of the market shows considerable firmness.

Mr. Rixey Buys Bank Stock.

A considerable holding in the stock of the Traders' National Bank, of Washington has just been acquired by Mr. J. C. Rixey of this city and Culpeper. He is to be made vice president, of the bank, taking the place of Mr. William A. Gordon, who is to retain his connection with the bank and will remain on the board of directors. The only change in the personnel of the board upon the election of Mr. Rixey will be the retirement of Mr. Walter V. R. Berry. The new vice president is the president of the Virginia Safe Deposit and Trust Company of Alexandria, and of a bank in Culpeper, and some four or five other banks in various towns in the state of Virginia. He proposes, as far as possible, to secure for the Traders' Bank a portion of the business from Virginia which naturally goes to Washington as the center of trade for a large section of that State.

WEDNESDAY EVENING, MAR. 8, 1905.

Local Matters.

Sun rises tomorrow at 6:22 and sets 5:51. High water at 9:34 a. m. and 9:53 p. m.

WEATHER PROBABILITIES.—For this section rain tonight. Thursday partly cloudy and colder; light to fresh southerly winds, shifting to northerly.

Opening of the River.

The old Potomac was virtually in its normal condition this morning, the evidences of the late ice blockade having been about eliminated. Rowboats were once more passing from dock to dock, while fishing arks were being towed from point to point and being made ready for use during the approaching spring.

The sound of the Norfolk steamer's whistle at an early hour this morning was the announ ement of the passing of the ice. About the time she apeared the United States steamer Prairie was weighing anchor and preparing to leave. The latter passed down about half-past six o'clock.

The steamship Arkadia, of the United States and Porto Rico line, which brought Porto Rican troops to Washington, passed down the river abont 11 o'clock this morning.

The steamer Harry Randall, according to previous announcement, left for the lower river landings at an early hour.

The steamer Anne Arundel, from Baltimore and river landings, is expected up tonight.

A number of oyster boats were taken down the river today by tugboats.

Dispatches from Hagerstown, Md., say a rise in the river has caused alarm along the stream on account of the great amount of ice. The river began rising Monday night, and the water is still coming up slowly. The greatest fear is felt from the big ice gorges above the dams on the upper part of the stream breaking up, and the mass being swept down stream, with the possibility of doing damage to the Chesapeake and Ohio canal and property along the river. There are a number of immense ice packs in the river between Williamsport and Cumberland, the ice being piled from ten to twenty feet high in places, and a mile or more in length. There are immense gorges above and below Hancock and at the big dams. A rise of ten or fifteen feet in the stream will likely break down the gorges and do considerable damage. The river has risen six feet at Hancock and Williamsport.

The rise in the Potomac is gradual at Cumberland, and there is no danger of the ice leaving for two or three days. The ice is gorged at a number of points in the river between Cumberland and Hancock. It is over twenty inches thick. There is much snow in the mountains.

Steamer Libeled.

The United States and Porto Rico Steamship Company's steamer Arkadia, which took a battalion of the Porto Rican provisional regiment to Washington for the inaugural parade, has been libeled by William E. Luckett, a pilot, formerly captain of the steamer Norfolk, who alleges that the yessel's owners contracted with him to pilot the Arkadia to Washington from Old Point Comfort, but subsequently placed other pilots in charge. The waters of the Potomac are regarded as being within the jurisdiction of the Maryland Pilots' Association, and the Arkadia was taken to Washington by Captain-Major Cowart, of that body. Capt. Henry Boyd is awaiting orders in Baltimore from the War Department at Washington to join the Arkadia and take her to the capes on her return to Porto Rico with the coloniel troops.

Another date will be arranged if this is not convenient.

The entertainment will be for the purpose of augmenting the organ fund of St. Mary's Church.

The deceased, who had but entered the portals of womanhood, was popular with all who knew her. There were no other attendants and the families of each only were present, the ceremony being very quiet because of the recent illness of the bride. The bride is a sister of Mrs. George S. French, of this city.

[COMMUNICATED.

Last night's performance of "Ten Nights in a Bar Room" in which a number of our local talent took part was as in the previous performance up to the standard and the play went off without a hitch. The part of Joe Morgan, as played by Mr. Boyer, was very life like and soon hearty applause as did also that of Miss Minnie Zimmerman, as Mary Morgan the child, and it would not take much rehearsing to bring this young lady before the legitimate footlights. It is useless to say anything in regard to Mrs. Buckler, as she has been favorably criticised in this paper before and her rendition of the part of Mrs. Morgan was up to the standard. Mr. Deeton and Mr. Fleischmann also come in for their part in the complimentary line and Mr. Bernheimer was up to his usual standard as the Jew and brought forth much merriment and applause. In fact every one, Messrs. Brill, Robey, Hayden, Spinks and Misses Judson, Barrows and Hammersley did justice to their respective parts. It seems to the writer that with the talent in this city, both vocal (Sharps and Flats) and the talent in drama, Alexandria should have a permanent organization for charity alone and produce two or three plays each season for some worthy object. As to the results, the past has shown in a small way what could be accomplished.

Justice Pelton and Doctors Snowden and Gibson today examined into the mental condition of John T. Davis, who was recently suspected of lunacy. The commission discovered nothing tending to show aberration of mind, and will recommend that Davis be allowed to enter the alms house.

A report was current on the streets this morning to the effect that a resident of the western part of the city had last night his domestic felicity suddenly disturbed by the discovery of an intruder in the place of his abode, and that the incensed paterfamilias had utilized a pistol in accelerating the retreat of the invader. The report however, could not be substantiated.

The regular monthly meeting of the Ladies' Auxiliary was held Tuesday afternoon 3 o'clock, at Lee Camp Hall. The following officers were elected for the ensuing year: Mrs. J. M. Hill, president; Mrs. India Henderson, 1st vice president; Mrs. Blanche Berkley, 2nd vice president; Mrs. I. W. Rose, recording secretary; Miss Ada Garrett, corresponding secretary; Mrs. J. E. Drunkenness Can Be Cured.

The great good done by Orrine, the liquor habit cure, is just beginning to be realized by the people of this city.

We have had a number of horrible cases resulting from the excessive use of whiskey, beer or other alcoholic stimulants attract our attention in the last few days, and we wish to say that we have the greatest confidence in Orrine, and do not hesitate to recommend it to any one for the positive cure of the liquor habit.

The Orrine Company, Inc., Washington, D. C., have so much confidence that Orrine will cure the liquor habit that they refund the money if it fails to cure. Orrine No. 1 can be given in tea, coffee or food without the knowledge of the patient, as it is absolutely colorless, tasteless and harmless. Orrine No. 2 is in pill form, for those desiring to be freed from this disease. Either form $1 per package. Ask us about Orrine—we are the agents in this city. E. S. Leadbeater & Sons, Druggists, Alexandria, Va.

Mr. Caton Still in the Field.

A dispatch from Richmond say: "Col. James R. Caton, of Alexandria, one of the leading candidates for the office of Lieutenant-Governor was here Tuesday. 'I have every reason to feel encouraged,' said Colonel Caton today. "I am in touch with more than 70 counties, have matters arranged satisactorily, and there is nothing that seems in the least discouraging. I am not a quitter, and having said that I would be a candidate I am in the race to stay.' This utterance of the Alexandria man disposes of the report that there will be any withdrawal, so far as he is concerned. The opinion is expressed that the race will narrow down to him and J. Taylor Ellyson."

THE PASSING OF DOWIE.

Ominous signals of distress seem to be hanging over John Alexander Dowie's Zion City. Recent events in the city of "The Restoration Host" are said to have somewhat shaken the faith of Dowie's followers.

It was a hard blow the first of the year when Deacon Carl Stern and Mrs. Speicher, wife of Dowie's religious understudy, died almost the same day. The prayers of the "First Apostle" availed not to bring these two stalwart members of the church back to health and strength. Mrs. Speicher, it is stated, refused to receive treatment from a physican. She trusted in the power and saving grace of Dowie and her trust was in vain.

Deacon Stern was Dowie's chief of police, commander of Zion City Guards, the bodyguard and close confidante of the general overseer. No man in the lake shore colony was more valued, except, possibly, Deacon Barnard, than was Deacon Stern, who started for the Bahamas when Dowie's prayers failed, and he died on the way of pleurisy. With Deacon Stern's body were buried some of the faith and hope of the Zionites who followed him to the grave.

Scarcely had this evidence of Dowie's helplessness against disease and death been thoroughly weighed when Deacon Speicher announced from the tabernacle pulpit that "the First Apostle" had power to raise the dead. This declaration was made at an inopportune moment. The memories of the Zionites went back to the funeral of Mrs. Speicher and Deacon Stern. Faith seemed to suffer another shock.

Then came the resignation, or dismissal, of Deacon Barnard, financial manager of Zion City, the biggest, brainiest worker in the Dowie vineyard. By this time the minds of the Zionites were said to be fertile ground for the sowing of rumors. From Mexico, where Dowie is basking in tropic sunlight, came a story that he is suffering with cancer. The rumor found such ready credeuce that Deacon Speicher felt called upon Sunday to deny it.

That Dowie seems to be much concerned by what is said to be growing skepticism and unrest among his followers was disclosed when he sent his son, Gladstone Dowie, with a special message to his people, assuring them of his devotion and painting a rosy picture of the future of the church and its material interests in Chicago and elsewhere.

The placing of a $100,000 mortgage on the lake front of Zion City shows there are heavy burdens to be borne.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

Pleasant and Harmless.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals and soothes and cures. A quick cure for Croup and Whooping Cough. Sold by all druggists.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that doesn't digest the food and give the stomach a rest. It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.
